|                                                                                                                        |       |
|------------------------------------------------------------------------------------------------------------------------|-------|
| Effect of Ricinus communis leaf extract on the Development and Population build-up of Callosobruchus chinensis (Linn.) | 01-04 |
| Heart Disease Treatment in Telemedicine using Internet of Things                                                       | 05-12 |
| Bending of light due to the gravity of the sun                                                                         | 13-14 |
| Design, synthesis, characterization and biological activity of acetophenone hetrocycle via novel mannich base MCR      | 15-20 |
| Balancing the gravitational and Coulombic forces                                                                       | 21-23 |
| Function characterization of mi R-4726; a down regulated mi RNA in breast cancer                                       | 24-34 |
| Universal mass-energy equivalence for relativistic masses                                                              | 35-36 |
| Study on the Properties of CPPF/PLLA Composite Scaffolds for Soft Tissue Engineering                                   | 37-44 |
| Special Concircular Lie-Recurrence in a Finsler space equipped with non-symmetric connection                           | 45-52 |
| Multimodal Similarity Fusion Network for Multimodal Sentiment Analysis                                                 | 53-60 |
| An Enhanced Downlink Scheduling Algorithm over LTE Network using Genetic Algorithm (EDSA-GA)                           | 61-68 |
| Integration of Solar Distributed Generation with Power Grid                                                            | 69-75 |
| GEO Graphical Study of Impacts In Tourism on Environment In Rajasthan                                                  | 76-83 |
