Date of acceptance: 03-01-2018

I. Introduction

The intentions of Africans, rather than Europeans or North Americans, as they manoeuvred in and manipulated the larger international community,The Challenge of Guinean,Independence, 1958-1971 Guinea's assertion of its right to independence, France, as Guinea challenged their assumptions about the nature of African .According.to MacDonald (2009)For example by John Gerring&Erzen , Philip r(2014) The Global Leadership information on leaders of most countries in the world, including members of the executive, the legislature, the judiciary, and other elites whose power is of an informal nature.40,566 leaders, According to Anders Larsson& Naghavi(2013) By contrast, a capitalist autocrat strengthens the institutional quality ,while an autocrat complying with the preferences of capitalists chooses to shelter the economy from trade. blocks foreign capital to maximise extractable rents, leading the economy towards stagnation. Therefore The resulting trade regime interacts with economic institutions.an environment of growth and development .

II. Background Of Study

The Study decision-making exercises Russia A Level History Advanced History examination success-analytically about the subject- thorough examination preparation requirements of A Level history including guidance in under Tsarism and Communism 1881-1953 text on Russian history from 1881 Communist Russia under Lenin and Stalin. and consequences of the 1905 revolution. consequences of the Russian Revolution in 1917 foreign police. According Chris Corin ,&Terry Fiehn(2011)According to Julien Paolantoni (2012)Further explains.the Nation ,the country was ready to assert itself on the international stage.Therefore Russia's fast expansion: from 1550 to 1700, Russia's territory grew by (35000 km² a year ,) Russia superpower .However its early influences in the cultural and political fields. to provide insight on how Russia reached the status of superpower, it is necessary the Ruler of all Rus'in 1547 was the foundation of the Russian Empire on a

comfortable diplomatic position. However Greats, The Empire emperor is Supreme political leadership will be one who Rules The Global Worlds Affairs .Global legal obligations.

III. Purpose Of The Study

The Study Examines Global Election Political Elites Challenge Ethnic Conflicts Resolution. And Demographic Guinea Kankan, Leadership. Why Master Colonial, NATO, European Unions Go to Conflicts or war, Because They want Superiority. But This Superiority is Indeed and Over Abolitioned.

IV. Literature Reviews

According to Jan Pospisil(2017) explain that. notion of state sovereignty and legitimize The G7 group, an international organization has evolved as a key actor from the global South dealing with international peace and statebuilding practices. This challenge demonstrates that political elites in fragile states According to Ali Asghar(2015) Argued that, Globalization has taken economies, societies and financially stable and strong business organizations. well-defined geographical global business elite, global political elite, global.

According to Ines Keynaert(2014) Argued that positively intention to initiate sexual intercourse. intention to have sexual intercourse on young students intercourse having sex. this relationship educational and religious institutions for sexual health, religious bodies practice with legal Wellbeing facilities, goods and services Rights in 2000 focuses on sexual and reproductive health extramarital sexual relationships man to women definitions applied. the anal or genital opening coercive environment oral, vaginal, anal sexual slavery young age very soon national the sexual vagina, anus . the residence home bedroom seek to address level 5-B-05 -21. women and girls more traditional attitude social support community resilience first Resolution sexual health practice this analysis applying sexual relationships and sexuality, a safe and pleasurable sex life, many internal and external 24 health care professionals good sexual health practices.

4.1 Reported By April holloway(2014) Explain That,

cultures and religious traditions, rulers only had wives, they also had concubines. his capacity to produce children in sexual desires. China where Emperors were known to have kept thousands (1,000 of concubines,) however, the practice women served as priestesses whom were slaves. However King Solomon said to have three hundred concubines in addition to his seven hundred wives. God allowed men to have more than one wife or several concubines on his slave woman. In Islam, taking a concubine was also permitted. Chapter four, verse three of the Quran states that a man may be married to a maximum of four women that the Prophet Muhammad married a total of fifteen women, The Study Conclusion Muhammad used to visit all eleven of his wives in one night. concubinage was tolerated as the relationship male his masculine

According to Aurel Sari(2010) The EU SOFA is based on the NATO Status of Forces Agreement (NATO) of 1951. politically equal is very important. Therefore the context of the European Security and Defense Policy (ESDP). However The EU SOFA makes one of the EU's crisis management capabilities. By addressing some of the key legal and practical questions raised by the presence of European military and civilian personnel in the territory of other EU member states. According to Hailie E. Ayichew(2015) Argued that. This diversity has resulted into two major problems namely: conflict between ethnic groups and the hostility that derives from competition between people for wealth and power. multi-ethnic nation with cultural differences between its component ethnic groups. Another Study by Moshood Saka(2015) Explain .The performance has provoked the intervention of the to wonder about the sustainability of the country in the face of the current challenges. democracy in Africa which experiences unending transition from the military regimes to democratic rules after the cessation of the British rule in 1960. However Thus, the process of democratisation often assorted to political challenges which have threatened the national unity of the country. For example by Mutua Kioko(2012) Argued that. Special Tribunal made up of domestic and international jurists to prosecute those responsible for the crimes committed in the event of the war, therefore, such violence in relation to international law, whether the crimes committed violated any kind of international law. The Study Conclusion that Commission and UN Human Rights Team clearly show that there were serious violations of international human rights, and crimes against humanity were committed which constitute part of international law. Ashby H. B. (2010) Argued that, the state to leverage finance and filter global capitalism's transformative forces. on institutional theory and economic geography, exist to preserve local autonomy and state sovereignty by harnessing the power of finance. However the capitalist market and the bureaucratic state have been pushed into association at an increasing rate through processes we have come to know as 'globalization' and 'financialization' The Generation there were (1994 .Emperors,) the First Emperors (404 year ages) Indigenous Ethnic Manding Toure family. Superpowers for life times forever In Country Guinea Kankan Global Religions life times. Therefore empire empires 130 ages by (1995000 billion years). Renouveau (990, times) has many is to Supporting Capitalism Theory, Democrats, Communist Regimes In Global affairs is life times Forever International law Obligations

4.2 Global Politics Of Brics and Economy Environment

According to Nikhil Atale(2013) Argued that,acknowledging their order is important for global economic stability.Practical implications involvement in BRIC markets can be a valuable learning opportunities for international businesses and investors.that notion of BRIC countries as an alternative investment class. These nations were expected to create economic miracles and lead the 21st century. However, ground realities in global economic environment context are life times .Robert D. Cairns& Martinet (2013) Argued that,investment in sustainability improvement. Maximin value is interpreted as a dynamic environmental-economic carrying capacity and current utility as an environmental-economic .usually computed with utilitarian sustainability improvement in a general context

4.3 Global Indigenous Natural Resource andInternational Obligation laws

According to Julien Paolantoni (2012) Agree that.the country was ready to assert itself on the international stage.Therefore Russia's fast expansion: from 1550 to 1700, Russia's territory grew by (35000 km² a year .) Russia a superpower way before the Concert of Europe set up Russian History.The Study Examines the Grand Duchy of Moscow was aimed at explaining the foundation of the Russian state, by discussing its early influences in the cultural and political fields. to provide insight on how Russia reached the status of superpower, it is necessary the Ruler of all Rus'in 1547 to the foundation of the Russian Empire on a comfortable diplomatic positionAccording to Édouard-Henri Avril(1892)Argued that.Other forms of penetrations sexual intercourse include anal sex penetration of the anus by oral sex penetration of the mouth by the penis or oral penetration of the female genitalia, fingering sexual penetration by the fingers and Sex penis penetration.However This is also known as vaginal intercourse or vaginal sex.Sexual intercourse, or coitus is principally the insertion and thrusting of the penis, usually when erect, into the vagina for sexual pleasureapply to the penis.Educated people obey the laws and rules ,Urgents health needs 2.to 4.female sex,at Hotel or Residents House BedRoom.legal obligations.(wives 104 in total .)and son (1994 in total)

4.4 Indigenous Constitution and Global Academic Regime

According to Brian Slattery(2010) Argued that.one that recognizes the Constitution's deep roots in history and traditions, and acknowledges the distinctive contributions of Aboriginal peoples and their long-standing relations.However advances in the law of aboriginal rights, most lawyers still t view the Constitution as the growth legal traditions.According to Mikhail Antonov(2014)Argued that,Law refers to the supreme values priming over the legal instruments human beings and collectives create for regulation. analyse the philosophical the idea of unity of law identity of legal system is based. the history of this idea found its main arguments Therefore This argument implies that there are highest legal philosophy values (of justice, good) However under which all the social relations and which finally give law. unity of societal practices.

According to Ines Keygnaert(2014)Argued that. positively intention to initiate sexual intercourse.intention to have sexual intercourse on young students intercourse having sex.this relationship educational and religious institutions for sexual health, religious bodies practice with legal Wellbeing facilities, goods and services Rights in 2000 focuses on sexual.According to Édouard-Henri Avril(1892)further said that, penetrations sexual intercourse include anal sex penetration of the anus by oral sex penetration of the mouth by the penis or oral penetration of the female genitalia, fingering sexual penetration by the fingers and Sex penis penetration. apply to the penis.urgent need to train and resources .(RM 6000.a month1years study)Suports for resident.According to dayre fwb1s (2017)Argued that .ukm we were studying in same faculty but different course we have seen each other occasionally and gave me a piece of paper written his phone number our first sexual intercourse one weeks see y all tomorrow.the first engage in sexual intercourse .including 20 students .practise safe sex.

4.5 Global Violation of international laws and Surveillance telephone Call.

REPORTED BY PRESS RELEASE Mark Rumold(2012)The Study demanding answers about illegal ., the email and telephone call surveillance at the National Security,international email and telephone calls.According to ASHLEYDEEKS(2015) Argued that. Several cases related to the United Kingdom's Government Communications Headquarters and U.S. National Security Agency surveillance.Intercepting telephone calls and reading someone's email is Violation formthetypeof state.However Those who hold traditional realist assumptions about state behavior would turn to international law to regulate surveillance.because surveillance tends to amplify the raw power of states to survive. The Study examines that,we will not monitor the communications of heads of state .The Study Conclusion that.the Soviet Union adopted an approach to international law a set of principles it referred to as "peaceful coexistence"the contents of international legal obligations

4.6 Global Economy Analysis and International law obligation

Another Study By Tania S.L. Voon and Elizabeth Sheargold & Mitchell (2015) Explain that. trade law to three aspects of good governance: International trade and international investment agreements typically contain provisions requiring the parties to comply with good governance principles, For example, the requirement to accord investors 'fair and equitable treatment' is common in international investment agreements. According to MacDonald (2009) Argued that, anti-colonial United States to oppose it as. Therefore a means of safeguarding sovereignty and the compromises that its institutional forms the notion that development for modernization internal and **External** , autonomy for a state and Nation people Guinea. Therefore by complicating assumptions about the universality. provided intellectual the Soviet Union and its allies and the People's Republic of China. 3.2. Global Human Right Institution Reported by nhri.ohchr.org (2017) Argued that. Members officially adopted on 22 March 2016 the new name Global Alliance of National Human Rights Institutions (GANHRI). The Global Alliance of National Human Rights Institutions (GANHRI) was established in 1993, and previously known as the ICC (International Coordinating Committee), GANHRI promotes the role of National Human Rights Institutions (NHRIs) worldwide, The Global Alliance is formed by all the NHRIs member of the four regional networks. The Study examines The Chair provides the strategic leadership and organisational management of the Global Alliance. According to Monika Mayrhofer, Carmela Chavez, V Hegde (2014) Argued that. The regional human rights systems are diverse with regard to scope, institutional arrangements, obligations and mechanisms. the protection of human rights at the national, regional and international levels, including governmental as well as non-governmental organisations. It equally aims to present the instruments used at different levels, especially global 3.3. Global Sexual health , Law Obligation, Harassment Women with Childs, health Care Population Analysis

According to Édouard-Henri Avril (1892) Argued that. Other forms of penetrations sexual intercourse include anal sex penetration of the anus by oral sex penetration of the mouth by the penis or oral penetration of the 633 genitalia, fingering sexual penetration by the fingers and Sexpenis penetration. However This is also known as vaginal intercourse or vaginal sex. Sexual intercourse, or coitus is principally the insertion and thrusting of the penis, usually when erect, into the vagina for sexual pleasure. however, may additionally be considered sexual intercourse, for sexual intercourse, can mean any form of sexual activity by sexual penetration , male to female sex practices Human sexual activity and Human sexuality. Institute sampled 484 people, ranging in ages 18 .20 ,25 30 , 40,35. 50, 55. 130 ages .The study participants "agreed that penile. about 80 percent of respondents said penile-anal intercourse meant 'had sex. About 70 percent of people believed oral sex. than men to fake an orgasm to satisfy their sexual partners. However Male to female anal intercourse include anal sex penetration Male to female .sex practices. apply to the penis.. Need urgent Residents House Rooms. legal obligations. According to Nicole B. Ippoliti (2017) Argued that. Many members of key populations wish to have children. nearly 55, percent of respondents had a desire to have children. (18 and younger) cannot access family planning services, their reproductive desires with health-care providers recommendations at multiple levels in response to many of the structural, health system, partner and community, sexual relationships,

Reported by Resolution Fertility, reproductive health. (2011) the major United Nations conferences and summits in the economic, social, especially those related to global health .Therefore all General Assembly resolutions related to global public The Study examines that .achieve sustainable development and that population dynamics are all Population and Development and the key related to sexual and reproductive health and reproduction rights, those on population and development, education and gender equality, is integrally global development in its economic, social and environmental full participation of developing countries in the global economy, local communities, countries. According to Nicole B. Ippoliti (2017) Further explain. advocating for their reproductive rights, the right to sexual and reproductive health, including the right to determine the number reproductive health needs of female key populations, policy environments Therefore for structural, health system, community, and improve reproductive health sexual and reproductions health ability to advocate for their own health .The Study Methods review methodology results relating to family planning, reproductive health, qualitative or quantitative data .The study examines **Results** the reproductive health needs of the partners of key populations, family planning, .Needs the reproductive health needs of young female sex to the relationship. such as, long-term,

According to Felice Apter & Sarah Harbison , Jeff Speiler, Vogelsong (2000) Agreed that Trying to meet both women's practical needs for health care, socially roles and status of women and men in societies and their roles, reproduction health. social can help programs make changes. However Female genital cutting (active effects of any violence against women and harmful such as female genital cutting, Therefore Reproductive rights (including the right to choose family have access to services attain the highest standard of sexual and reproduction health. relaxation of traditional (particularly rural to urban) Male to female sexual relationships. The Study Indeed the Study Researchers interviewers participants focus on populations participation at Hotel Room or Residents House Room. Anywhere. scheduling of interviews by Email, @gmail.com. To resident be

essential to the analysis. The Study decision-making Exercises Russia adopted an approach to international law a set of principles it referred to as "peaceful" the contents of international legal obligations.

3.4. Global Media Politics and Organizations Obey laws

For example by Paula Nitschke, Patrick, Schade (2014) study light on relationships been the focus of political organizational offers internal and external communication opportunities to political organizations but also adds new costs and social pressure which political and organizational context factors explain the usage of online media by political organizations. different communication dimensions.

Educated people obey the laws and rules. According to Édouard- (1892) Further explain that .may additionally be considered sexual intercourse, for sexual intercourse, can mean any form of sexual activity by sexual penetration, sex practices Human sexual activity and Human sexuality. Institute sampled 484 people, ranging in ages 18, 20, 25, 30, 40, 35, 50, 55, 130 ages. The study participants "agreed that penile. about 80 percent of respondents said penile-anal intercourse meant 'had sex. About 70 percent of people believed oral sex. than men to fake an orgasm to satisfy their sexual partners. Male to female anal intercourse include anal sex penetration. International law Obligations According to Rianne Dekker, Melenhorst, (2014) Argued that, public administration, political well as communication the relationship between media, politics and governance. The increasing influence of the media on society in general. therefore media attention is known to play an important role in decision-making processes. newspapers, radio, television, social media, administrators, politicians, local, national, panel we aim to bring together contributions from various scholarly The Study Conclusion, communication via the media can be considered a political strategy. traditional media constitute a stable 4.1. Global Religions Theory and International law Obligations

According to Victoria Harrison (2006) Argued that, generally, religion may be conceived as a response to revelation in the. However by thinkers belonging to some particular religious tradition. the theories which inspire them. And there is an important difference between religious theories of religion and naturalistic ones. religious interpretation of ourselves and our world, and they attempt to justify that interpretation by providing an account. A religious theory might, for example, to the role of prophets or angels as divine messengers in the formation of a particular historical religious, regard the phenomena of religion to be in need. According to Mark Weston Janis (1988) Argued that. Nation added to the world Community that is more Unders By International law, In the Science for the Natural, therefore a Universal law capable of ordering Relations among diverse Nation differing Religion, Histories Cultures, Law and Economies On Religions and Development of International laws today, panel to Science Obedience to its Founded on the principles of Natural law equally together a Community of Nation united by Religions, Humanity and Science by the mutual Advantages of Intercourse. However by Forming alliance For a great Teacher In General Should put faith In Law. For examples by Victoria Harrison (2006) Further explain distinguishes religions from secular social organizations. may seem, it has proven to formulate a definition intellectual definitions, affective definitions, and functional definitions. the importance of faith, and the key role of traditional practices. such as God, building into intellectual definitions today in an increasingly multi-cultural world. Affective definitions of religion regard faith, and the emotions. religion that are important to believers. reality at so during his lifetime. Environment. Another Study Mark Weston Janis (1988) Agree that, to its Messages, Political and Social Rules, Transformed By philosophy principles Governing Relation between Imperial Laws Emperors. System of legal Rules, Governing Relations with aborigines within a Natural, law philosophy by positive link to Sovereign Consent. The connection between religion and international law is by International lawyers. There has been a realist effort made the 19th and 20th centuries to turn law into a Science. Diplomats Grotius who the Father of the law of Nation. to the Sexual Intercourse of Nation.

V. Conclusion

Acknowledging their order is important for global economic stability. Practical implications involvement in BRIC markets can be a valuable learning opportunity for international commercial enterprises and investors. These countries were expected to produce economic miracles and lead the 21st century. However The Generation To generation there were (1994 Emperors Son,) the First Emperors (404 year ages) Indigenous Ethnic Manding, Peoples Black Man. Toure Cheick Ahmed mandian, family.
