

International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

Contents :

Watershed delineation using SRTM DEM for Bangalore South Region	01-09
Determination of Tolerance Limit of Silt and Clay Impurities in the Strength of Concrete made with Abuja Sand	10-15
Standalone Two Factor Authentication System Using Push to Approve	16-21
Electrical System Studies as an Attempt to Prevent Installation in Historical Buildings	22-28
Construction Techniques for Large Size Gaseous Detectors for High Energy Physics Experiments	29-35
Etude du comportement magnétique des roches précambriennes de Séguéla (Nord-Ouest de la Côte d'Ivoire) à partir des mesures géochimiques et pétrophysiques	36-47
A Review of the Synthetic Methods for Fluorinated Porphyrin Derivatives	48-54
Comparative Enumeration of the Effect of Soil Particle Sizes on Bioremediation of Crude Oil from Exploration and Pristine Regions of Nigeria	55-66
Diabetic Retinopathy Monitoring Using Smartphone: A Review	67-72
Brain-Computer Interfacing based Classification of Brain Activities via Machine Learning	73-77
Quality management applied in a computer software entity	78-86
Effect of Some Phytotoxic Substances on the Chlorophyll Content and Its Synthesis in Maize	87-90
Study of the Implications of Evolution in Agriculture	91-93

IJESI

Volume 9 ~ Issue 3 (March - 2020)
